This information included in this report on Form 6-K, excluding the Press Release filed as Exhibit 99.1, shall be deemed to be incorporated by reference in the Company's registration statements on Form F-3 (No. 333-265826) and Form S-8 (Nos. 333-204205, 333-214884, 333-222482, 333-227717, 333-258514, 333-267760, and 333-273777), to the extent not superseded by documents or reports subsequently filed.

Management Update

Collectis S.A. (the "Company") announced the appointment of Dr. Adrian Kilcoyne, M.D., MPH, MBA as Chief Medical Officer and member of the Company's executive committee, effective immediately.

Prior to joining Collectis, Dr. Kilcoyne was Chief Medical Officer and Head of Research and Development at Cellularity Inc. since October 2022, advancing their oncology allogeneic CAR-T and NK Cell therapy programs. Prior to this, Dr. Kilcoyne was Chief Medical Officer of Humanigen from April 2021 to September 2022. He has held numerous Oncology leadership roles across Research and Development, Medical Affairs, Commercial, Health Economic Outcome Research and Evidence Generation in both Big Pharma and Biotech, such as AstraZeneca (from June 2019 to April 2021) and Celgene (from November 2013 to June 2019). Dr. Kilcoyne holds an M.D. from Trinity College in Dublin. Dr. Kilcoyne was initially trained in Gynecological Oncology at the Hammersmith Hospital in London and subsequently in Public Health Medicine at Oxford. He holds a Masters in Public Health from the University of London. Dr. Kilcoyne then trained in pharmaceutical medicine and completed his M.B.A. from Warwick Business School.

Dr. Mark Frattini, the Company's existing Chief Medical Officer, will leave his position with the Company, effective immediately, to pursue other opportunities.

Collectis Appoints Dr. Adrian Kilcoyne as Chief Medical Officer

NEW YORK, Aug. 07, 2024 (GLOBE NEWSWIRE) -- Collectis (the "Company") (Euronext Growth: ALCLS - NASDAQ: CLLS), a clinical-stage biotechnology company using its pioneering gene-editing platform to develop life-saving cell and gene therapies, announced today the appointment of Dr. Adrian Kilcoyne, M.D., MPH, MBA as its Chief Medical Officer, effective immediately.

"We're thrilled to welcome Dr. Kilcoyne to Collectis. He is a strategic, forward-thinking drug developer who is passionate about delivering life-saving therapies to patients. His clinical vision and proven leadership, as well as his extensive experience, will strengthen our clinical development efforts as we advance our product pipeline of next-generation CAR T-cell therapies," said André Choulika, Ph.D., Chief Executive Officer at Collectis.

Before joining Collectis, Dr. Kilcoyne was Chief Medical Officer and Head of Research and Development at Celularity, advancing their oncology allogeneic CAR-T and NK Cell therapy programs. Prior to this, he was Chief Medical Officer at Humanigen. He has held numerous Oncology leadership roles across Research and Development, Medical Affairs, Commercial, Health Economic Outcome Research and Evidence Generation in both large pharmaceutical and biotechnology companies such as AstraZeneca and Celgene. Dr. Kilcoyne graduated from Trinity College, Dublin Medical School. He initially trained in Gynecological Oncology at the Hammersmith Hospital in London and subsequently in Public Health Medicine at Oxford during which time he completed a Master's in Public Health. Dr. Kilcoyne then trained in pharmaceutical medicine and completed his MBA.

"I am excited to join Collectis at this pivotal time for the company as it is poised to deliver on its mission to provide transformative UCART therapies to patients with significant unmet medical need," said Dr. Adrian Kilcoyne. "I believe that Collectis' world-class capabilities in gene editing and cell therapy manufacturing, promising pipeline and experienced leadership team will enable us to accelerate our current clinical pipeline and drive future innovation as we strive to deliver first-in-class and best-in-class allogeneic cell and gene therapies."

Dr. Mark Frattini departs Collectis effective immediately to pursue other opportunities. We thank Dr. Frattini for his contributions and wish him well in his new endeavors.

About Collectis

Collectis is a clinical-stage biotechnology company using its pioneering gene-editing platform to develop life-saving cell and gene therapies. Collectis utilizes an allogeneic approach for CAR-T immunotherapies in oncology, pioneering the concept of off-the-shelf and ready-to-use gene-edited CAR T-cells to treat cancer patients, and a platform to make therapeutic gene editing in hemopoietic stem cells for various diseases. As a clinical-stage biopharmaceutical company with over 24 years of experience and expertise in gene editing, Collectis is developing life-changing product candidates utilizing TALEN®, its gene editing technology, and PulseAgile, its pioneering electroporation system to harness the power of the immune system in order to treat diseases with unmet medical needs. Collectis' headquarters are in Paris, France, with locations in New York, New York and Raleigh, North Carolina. Collectis is listed on the Nasdaq Global Market (ticker: CLLS) and on Euronext Growth (ticker: ALCLS).

Forward-looking Statements

This press release contains "forward-looking" statements within the meaning of applicable securities laws, including the Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by words such as "believe," "poised to", and "will," or the negative of these and similar expressions. These forward-looking statements, which are based on our management's current expectations and assumptions and on information currently available to management. Forward-looking statements include statements about the advancement of development of our product candidates' pipeline, and the potential of our product candidate. These forward-looking statements are made in light of information currently available to us and are subject to numerous risks and uncertainties, including with respect to the numerous risks associated with biopharmaceutical product candidate development. With respect to our cash runway, our operating plans, including product development plans, may change as a result of various factors, including factors currently unknown to us. Furthermore, many other important factors, including those described in our Annual Report on Form 20-F and the financial report (including the management report) for the year ended December 31, 2023 and subsequent filings Collectis makes with the Securities Exchange Commission from time to time, as well as other known and unknown risks and uncertainties may adversely affect such forward-looking statements and cause our actual results, performance or achievements to be materially different from those expressed or implied by the forward-looking statements. Except as required by law, we assume no obligation to update these forward-looking statements publicly, or to update the reasons why actual results could differ materially from those anticipated in the forward-looking statements, even if new information becomes available in the future.
